Magic academies and post-apocalyptic city streets, run by men who keep getting in over their heads, and the women who refuse to let either of them disappear quietly.

Who is Alex Savage?

BIO · SHORT

Alex Savage is the pen name of a British indie author who writes haremlit with the same instinct most writers reserve for thriller or war fiction — characters under pressure, women who refuse to stay decorative, and consequences that arrive on schedule. Two ongoing series: The Ravenwick Chronicle and The WarMage of Arkley.

BIO · LONG

Alex Savage is a pen name. Kept that way on purpose. The author writes haremlit because the genre, at its best, sits at the intersection of male wish-fulfilment and competent women — and because it forgives nothing if the men aren't earning it. Across two series and five books, the Savage books trade in tradecraft: how a person under cover behaves at 2 a.m., what a magical academy looks like when the bursar starts asking the wrong questions, how a single father holds the line when the apocalypse is also the school run.

The work is action-forward, the prose is dry, and the women have their own arcs. The Patreon — Savagery & Co. — runs early chapters, scene-builder notes, and the occasional unhinged voice memo about plotting.

VOICE NOTE

“Haremlit isn't about how many women a man can collect. It's about how many can stand him long enough to find out who he is.”

Undercover Archmage

THE RAVENWICK CHRONICLE · BOOK 1

An ex-special-ops operator goes deep cover as a battle-mage instructor at a magical academy. The students think he's a master Battle Mage. He's really just a master of the 9mm — and the cover starts cracking on day one.

Undercover Archmage 2

THE RAVENWICK CHRONICLE · BOOK 2

The cover holds. The school doesn't. As Ravenwick splits along old faculty lines, the operator finds himself running the kind of op he was trained for — only this time with students in the blast radius.

Undercover Archmage 3

THE RAVENWICK CHRONICLE · BOOK 3

Ravenwick under siege. Old enemies arrive with new credentials. The harem stops being decorative and starts being decisive.

The catalogue

The WarMage of Arkley

THE WARMAGE OF ARKLEY · BOOK 1

Post-apocalyptic single-dad LitRPG. A former combat mage tries to raise his daughter in a city the System forgot. Then the System remembers.

The WarMage of Arkley 2

THE WARMAGE OF ARKLEY · BOOK 2

The Warrens stop being a hiding place. The dad stops being retired. And Arkley's old powers start asking why the war ever ended.

Who reads this

READER PROFILE

Men 25-55 who read multiple LitRPG / progression-fantasy books per month. Heavy Kindle Unlimited usage. They follow Daniel Schinshofen, J.R. Mathews, Logan Jacobs, John Van Stry, James Hunter. They are tired of YA-cadence prose dressed up as adult fantasy. They want competent men, competent women, and consequences that feel earned — including in the romance.

COMP TITLES

Bond of Three (Daniel Schinshofen). The Slave Girl (J.R. Mathews). Frozen Soul (Logan Jacobs). Tower of Power (John Van Stry). Lone (James Hunter). Together they map the lane: action-forward haremlit with system mechanics, where the women drive plot.

THREE-BEAT PITCH

- 1 · Magic-academy haremlit with tradecraft. Cover stories. Real ops. Real stakes.
- 2 · Post-apocalyptic single-dad LitRPG. The end of the world is also the school run.
- 3 · Pen name kept anonymous on purpose. The work travels under its own steam.
